Subject: PICIS Update: CDC Changes Effective 7/1/2016

[REDACTED] Dear [REDACTED] provider,

Below is a list of changes to the CDC/PA which will be implemented on 7/1/2016. These changes will be effective for all CDCs submitted with a transaction date on/after 7/1/2016. It is important to note that if you have a vendor system, they can continue to collect these fields, at the vendor's discretion. In the following months, ODMHSAS will be updating the CDC manual and EDI spec documents (for vendors). We have already been in contact with the vendors to give them the detail for these changes.

SUMMARY OF CHANGES:

Fields being Removed: OJA Custody, DHS Custody, Social Security Number, Level of Functioning (GAF Scale), Medicaid, Medicare, Language Specification

Fields being Modified: Preferred Language, English, In School (definition change), Education (definition change)

Field to add: Email Address

For a more detailed explanation for these changes you can look at this [document](#).

As always if you have any questions please feel free to contact me

Sincerely,
David Melton
Data Analyst
ODMHSAS
