Report Description:

Measure: Medication Visits (ICIS code 304) within 14 Days of Admission

The information provided in this report reflects the number of times a medication visit occurred within 14 days of each admission. The monthly reporting period begins 14 days before the first of the month and ends 14 days before the last day of the month. As an example, 'January 2008' reflects the number of admissions between December 17, 2007 and January 17, 2008 that received a medication visit within 14 days of admission. In order to be included, an individual must have received at least one service other than an assessment from contract sources Community Mental Health (01) or Medicaid Services for which DMHSAS Pays Match, Adults (50) within the first month of admission. A medication visit is also counted if it occurs within 30 days prior to admission.

Exclusions:

1. PACT clients
2. Persons under 18 years of age on the date of service
3. Discharge code 68 (Death) or 65 (Incarcerated) occurs prior to 14 days from admission
Note: if the medication visit takes place prior to discharge, the medication visit is counted
4. Clients with Medicare at admission are excluded, unless a medication visit is reported within 14 days
5. Data that is missing, invalid, or does not fit the criteria
