Report Description:

Measure: Inpatient/Crisis Unit Follow-up within Seven Days of Referral

The information provided in this report reflects the number of inpatient/crisis service events that were followed-up by either outpatient or housing services within seven days of referral. A monthly reporting period begins seven days before the first of the month and ends seven days before the last day of the month. As an example, 'January 2008' reflects the number of inpatient/crisis unit events between December 24, 2007 and January 24, 2008 that received a follow-up outpatient or housing service within seven days. To be included, the client must be referred to a CMHC or active at a CMHC at the time of admission. If the client is seen at a CMHC other than the primary referral, the CMHC that serves the client receives credit. A follow-up service that occurs on the same day as the inpatient/crisis unit event is counted.

Exclusions:

1. PACT clients
2. Discharge codes 68 (Death), 65 (Incarcerated), 64 (Transferred), 71 (Medical), 67 (AWOL), and 92 (No Service in 180 Days)
3. Data that is missing, invalid, or does not fit the criteria

DEFINITIONS:
