## Report Description:

### Measure: Inpatient/Crisis Unit Community Tenure of 180 Days

The information provided in this report reflects the number of inpatient/crisis unit clients that achieved community tenure of 180 days (were not readmitted within 180 days of discharge). For the selected months, client discharges that occurred 6 months previously are tracked. As an example, if the indicated month is June 2009, the records of those clients that were discharged in December 2008 are followed to determine whether community tenure (i.e. client was not readmitted) was achieved. If more than one discharge occurred in the previous 6 months, only the last discharge is examined.

### Exclusions:

1. PACT clients
2. Discharge codes 68 (Death), 65 (Incarcerated), 64 (Transferred), 71 (Medical), 67 (AWOL), and 92 (No Service in 180 Days)
3. Data that are missing, invalid, or do not fit the criteria

### Definitions:

**Community Tenure:** A discharged client is not readmitted within 180 days after discharge.

**Readmitted:** Discharge was followed by another admission within 180 days to the same level of care. Readmission agency may be different from the discharge agency.

**Not Readmitted:** Discharge was not followed by another admission within 180 days; Community tenure of 180 days achieved.

**Discharge:** Individual leaves treatment with agency approval.

**Percent:** The number of clients who achieved community tenure of 180 days divided by the provider's total number of clients who achieved community tenure of 180 days and the number of clients that were readmitted with 180 days after discharge x 100.
