

Improvement in CAR Score - Self Care/ Basic Needs Domain Month Detail Report

Improvement between 4/1/2012 and 6/30/12 at
(100732860A) GRAND LAKE MENTAL HEALTH CENTER

Printed Date: 8/17/2012

Report Description:

Measure: Improvement in CAR Score: Self Care/Basic Needs Domain

This report reflects the number of individuals who have an improvement in the Self Care/Basic Needs domain of the CAR scores between the selected month and seven months prior to the selected month. For example, if the indicated month is June 2012, the CAR score that was active on December 1, 2011 is compared to the most recent CAR score for June 30, 2012. To be included in this report, an individual must receive three services from contract sources '01', '55', or Medicaid Services for which DMHSAS Pays Match. Only clients that are active at the beginning of the seventh month (i.e., December 1, 2012 in the example above) are included.

Exclusion:

1. PACT clients
2. Discharge code 68 (Death)
3. Discharge code 65 (Incarcerated)
4. Persons under 18 years of age on the date of service
5. Data that are missing, invalid, or do not fit the criteria

Definitions:

CAR Score - Self Care/Basic Needs: Measures the adequacy with which the person is able to care for him/herself and provide his/her own needs such as food, clothing, shelter and transportation. This measure documents the person's ability to make reliable arrangements appropriate to his/her age, gender, culture and life circumstances. If the client lives in a supportive or dependent situation for reasons other than lack of ability (e.g. confined on criminal sentence), this domain estimates the ability to make arrangements independently and freely. Children, the disabled and elderly persons who are cared for by others should also be rated on their own ability to make arrangements compared to others their age. This measure reflects whether the person can be left alone for a period of time; makes known medical/dental needs; tends to self-grooming and appropriate dress; and takes medication as prescribed.

Improve: CAR Score - Self Care/Basic Needs at selected month is at least 5 points lower than CAR Score - Self Care/Basic Needs at seven months prior to selected month, or a score of 15 has been attained.

No Change: CAR Score -Self Care/Basic Needs did not decrease by at least 5 points or increase within measurement period (between selected month and seven months prior to selected month).

Worsen: CAR Score - Self Care/Basic Needs at selected month is higher than CAR Score - Self Care/Basic Needs at seven months prior to selected month.

Percent: The number of clients who reported an improvement (lower score; see definition for 'Improvement' above) in CAR Score - Self Care/Basic Needs between the selected month and seven months prior to the selected month divided by the provider's total number of clients reported to have improved, worsened, or exhibited no change in CAR Score - Self Care/Basic Needs x 100.

Report Information:

Frequency of update: Claims are updated weekly. CDCs are updated weekly.

Last updated: Last paid claim is through 8/12/12, CDCs are through 8/14/12.
