at (640) 12 & 12, INC.

Printed Date: 2/5/2008 Data Last Updated on: 02/03/2008

Report Description:

Oklahoma Performance Measures (OPMs)

Outcome: Treatment Completion
Measure: Planned Discharges/Level of Care Change

The information provided in this report reflects the number of discharges/level of care changes, rather than the number of individuals. For example, if a person is discharged five times during the selected time period, the number of discharges would be five. To be included in this report, at least one service must be reported after admission. Also, when an episode includes more than one service reported under multiple contract sources, the episode will be counted under each contract source, but will only be counted once under the 'All Contract Sources' or 'All Substance Abuse Contract Sources (PPMR)' report.

DEFINITIONS:

Discharge: Individual leaves treatment at that agency.

Level of Care Change: Individual is moving from either detox, residential treatment, halfway house or outpatient to another level of care within an agency.

Systemwide: Represents all ODMHSAS-contracted and operated facilities which have that level of care and contract source.

All Substance Abuse Contract Sources (PPMR): Includes the following contract source codes: 02, 03, 17, 20, 21, 22, 23, 27, 29, 41, 44, 49, 54, 61 and 70. These contract sources are included in the Substance Abuse Provider Performance Management Report.
