§ 5-306. Certificate of physician

The application described in Section 5-305 of this title shall be accompanied by a certificate in duplicate signed by a licensed doctor of medicine or osteopathic physician who is duly licensed to practice his profession by the Oklahoma State Board of Medical Licensure and Supervision or the Oklahoma Board of Osteopathic Examiners and who is not related by blood or marriage to the person being examined or has any interest in his estate. This certificate may be substantially in the following form:

CERTIFICATE OF PHYSICIAN

I do hereby certify that on the _____ day of _____, 20____, I examined _____ and I am of the opinion that the person has a mental illness, and for his/her own welfare ought to be admitted to _____ at _____, Oklahoma, as a patient therein.

I further certify that I have explained to said person that if he/she is admitted to a facility for the mentally ill as a voluntary patient, the medical staff may find it necessary or desirable to give a course of treatment requiring an extended period of time, and that it is not the legislative policy of the state to authorize the expenditure of public funds for the commencement of an expensive treatment unless the patient desires to continue that treatment for the length of time that the attending physicians believe is likely to give adequate benefit to the patient; and I have also explained that it may become necessary to give treatment which may temporarily weaken the patient's system so that it would be injurious to his/her health to release him/her immediately upon his/her request; and that therefore the executive director or designee of the facility has authority under the law to detain the patient in the hospital for as long as seventy-two (72) hours after said patient gives written notice to the superintendent of his/her desire to leave the hospital pursuant to Section 5-208 of Title 43A of the Oklahoma Statutes.

I further certify that in my opinion said person has sufficient mental capacity to and does understand and comprehend the matters set out in the preceding paragraph.

I do further certify that I am a licensed doctor of medicine duly licensed as such by the Oklahoma State Board of Medical Licensure and Supervision (or that I am an osteopathic physician duly licensed as such by the Oklahoma Board of Osteopathic Examiners) and that I am not related by blood or marriage to the person being examined and that I have no interest in his/her estate.

2. A licensed mental health professional;

3. The executive director of a facility designated by the Commissioner of Mental Health and Substance Abuse Services as appropriate for emergency detention;

4. An administrator of a hospital that is approved by the Joint Commission on Accreditation of Healthcare Organizations; provided, however, in any involuntary commitment procedure in which a hospital is the petitioner pursuant to the provisions of this section, the hospital may participate in such hearing without retaining their own legal counsel if the hospital provides as a witness a mental health therapist or a licensed mental health professional;

5. A person in charge of any correctional institution;

6. Any peace officer within the county in which the individual alleged to have a mental illness and to be a person requiring treatment resides or may be found; or

1. The right to notice, as provided by Section 5-412 of this title;

2. The right to counsel, including court-appointed counsel, and if the person has no counsel, that the court shall appoint an attorney to represent the person at no cost if the person is an indigent person and cannot afford an attorney;

3. The right to a hearing and the right to a closed hearing, unless the person requests otherwise;

4. Upon request, right to a jury trial. The jury shall be composed of six persons having the qualifications required of jurors in courts of record;

5. The right to be present at the hearing on the petition or jury trial. The person shall be present at the hearing or jury trial unless the court finds that the presence of the person alleged to be a mentally ill person requiring treatment makes it impossible to conduct the hearing or trial in a reasonable manner or that the presence of the person would be injurious to the health or well-being of such person.

a. The court shall not decide in advance of the hearing, solely on the basis of the certificate of evaluation, that the person alleged to be a mentally ill person requiring treatment should not be allowed nor required to appear.

b. Prior to issuing an order excluding the person from the hearing or jury trial, the court shall find, based upon clear and convincing evidence, that alternatives to exclusion of the person were attempted;

6. The right to present and to cross-examine witnesses. The petitioner and witnesses identified in the petition shall offer testimony under oath at the hearing on the petition. When the hearing is conducted as a jury trial, the petitioner and any witness

in behalf of the petitioner shall be subject to cross-examination by the attorney for the person alleged to be a person requiring treatment. The person alleged to be a person requiring treatment may also be called as a witness and cross-examined.

B. An individual alleged to be or found by a court to have a mental illness and be a person requiring treatment shall be afforded such other rights as are guaranteed by state and federal law.

C. No statement, admission or confession made by the person alleged to have a mental illness and to be a mentally ill person requiring treatment shall be used for any purpose except for proceedings under this act. No such statement, admission or confession may be used against such person in any criminal action whether pending at the time the hearing is held or filed against such person at any later time directly or in any manner or form.

D. An attorney appointed by the court to represent a person alleged to have a mental illness and to be a person requiring treatment shall be a licensed and actively practicing attorney who shall represent the person until final disposition of the case. 1. The attorney appointed by the court shall meet and consult with the person within one (1) day of notification of the appointment. The attorney shall immediately, upon meeting with the person alleged to be a person requiring treatment, present to such person a statement of the rights, including all rights afforded to persons alleged to have a mental illness and to be persons requiring treatment by the Oklahoma and the United States Constitutions.

2. The court-appointed attorney shall be replaced by another attorney if:

a. the person alleged to have a mental illness and to be a person requiring treatment prefers the services of an attorney

other than the one initially appointed for the person,

b. the preferred attorney agrees to accept the responsibility, and

c. the person alleged to have a mental illness and to be a person requiring treatment or the preferred attorney notifies the court of the preference and the attorney's acceptance of employment.

The preferred attorney shall meet and consult with the person within one (1) day of employment or appointment. Any request for additional days shall be subject to the discretion of the court, considering the facts and circumstances of each particular case, including cost.

3. The attorney fees for all services shall be paid by the person alleged to be a person requiring treatment. However, if the person alleged to be a person requiring treatment, or a person empowered pursuant to law to act on behalf of such person, submits an affidavit that such person is indigent and unable to pay attorney fees, the attorney fees shall be paid from the court fund, after a determination by the court that such person is indigent. The amount of such fee shall be set by the court.

4. The attorney representing the person alleged to have a mental illness and to be a person requiring treatment shall notify the court of any current and unrevoked advance directive that has been executed by such person pursuant to the Advance Directives for Mental Health Treatment Act and provide a written copy of the advance directive, if available, to the court and a representative of the district attorney's office.

§ 5-412. Notice of hearing

A. Notice of the date, time and place of the hearing on a petition alleging a person to have a mental illness and to be a person requiring treatment shall be delivered to such person at least one (1) day prior to the hearing. Notice shall be personally delivered

to the person together with a copy of the petition and, if applicable, copies of the certificate of evaluation, the affidavit of the peace officer, and any order of the court directing prehearing detention or an evaluation of the person.

B. The notice shall contain the following information:

1. The definitions provided by Section 1-103 of this title of a "mental illness" and a "person requiring treatment";

2. If applicable, that the court has ordered the evaluation of the person by two licensed mental health professionals, at least one of whom is a psychiatrist who is a diplomate of the American Board of Psychiatry and Neurology, a licensed clinical psychologist, or a licensed Doctor of Medicine or Doctor of Osteopathy who has received specific training for and is experienced in performing mental health therapeutic, diagnostic, or counseling functions, for the purpose of conducting an evaluation of the person alleged to have a mental illness and to be a person requiring treatment and executing a certificate of evaluation stating their findings, and the time and place of the evaluation;

3. That, upon request, the hearing on the petition may be conducted as a jury trial and the jury shall be composed of six persons having the qualifications required of jurors in courts of record;

4. That the petitioner and witnesses identified in the petition may offer testimony under oath at the hearing on the petition;

5. If applicable, that the court has appointed an attorney for the person alleged to have a mental illness and to be a person requiring treatment who shall represent the person until final disposition of the case and that if the person is indigent, the court shall pay the attorney fees;

6. That, if the person is found at the hearing or at a jury trial to have a mental illness and to be a person requiring

treatment under this act, the court will take evidence and make findings of fact concerning the person's competency to consent or to refuse the treatment that is ordered, including, but not limited to, the right of the person to refuse psychotropic medications; and

7. That the person alleged to have a mental illness and to be a person requiring treatment shall be afforded such other rights as are guaranteed by state and federal law.

C. The person delivering the copy of the notice and petition to the person alleged to have a mental illness and to be a person requiring treatment shall, at the time of delivery, explain the content, purpose and effect of the notice and the legal right to judicial review by habeas corpus.

D. 1. A copy of the notice, the petition, and the attachments to the petition, if any, shall also be delivered at least one (1) day prior to the hearing to:

a. the individual initiating the request for protective custody, emergency detention, involuntary commitment or prehearing detention,

b. the attorney or court-appointed counsel of the person, to the district attorney, and to the public defender, if any,

c. the facility, if any, in which the person is detained in emergency detention,

d. the Department of Mental Health and Substance Abuse Services, and

e. a parent, spouse, guardian, brother, sister or child who is at least eighteen (18) years of age of the person alleged to have a mental illness and to be a person requiring treatment and who is not the individual initiating the petition or a request for protective custody, emergency detention, involuntary commitment or prehearing detention. Notice shall also be delivered to any other person as may be ordered by the court.

2. The notice required by this subsection may be served personally or by

certified mail. When notice is served personally, the person making such service shall make affidavit of the same and file such notice, with proof of service, with the district court. This notice may be served in any part of the state when so ordered by the court.

E. Notice of orders of a court directing an evaluation or prehearing detention of a person alleged to have a mental illness and to be a person requiring treatment shall be delivered in substantially the same manner as provided by subsection A of this section. Notice of a court order directing an evaluation of the person shall be delivered at least one (1) day before the evaluation, and as many additional days as are requested by the person alleged to have a mental illness and to be a person requiring treatment or the attorney of such person as are reasonable without prejudice to the person. Any request for additional days shall be subject to the discretion of the court, considering the facts and circumstances of each particular case.

§5-413. Prehearing detention

A. When a request for an order of prehearing detention is attached to a petition alleging a person to have a mental illness and to be a person requiring treatment, the district court shall determine whether there is probable cause to detain the person who is the subject of the petition prior to a hearing on the petition.

1. If the court issues an order for detention, it shall immediately set a date, time, and place for a hearing on the petition.

2. The period of prehearing detention shall not exceed seventy-two (72) hours, excluding the weekends and holidays, except upon a court order authorizing detention beyond a seventy-two-hour period or pending the hearing on a petition requesting involuntary commitment or treatment. Prehearing detention may be

extended to coincide with any order of continuance entered by the court.

B. If the court finds that probable cause to detain the person alleged to have a mental illness and to be a person requiring treatment does not exist, the court shall dismiss the request and, if the person is being held in protective custody or emergency detention, order the person released and returned to the point where such person was taken into protective custody.

C. If the court finds that probable cause to detain the person alleged to have a mental illness and to be a person requiring treatment does exist:

1. An order may be entered authorizing any peace officer to take that person into custody and to detain such person in a suitable facility prior to the hearing on the petition; or

2. If the person is being held in emergency detention, the court may issue an order authorizing the facility to detain the person prior to a hearing on the petition.

A certified copy of an order of prehearing detention shall constitute authority for a facility to detain or to continue to detain the person who is the subject of the order.

§ 5-414. Evaluations

A. If a certificate of evaluation is not attached to a petition alleging a person to have a mental illness and to be a person requiring treatment at the time the petition is filed, the court shall order the person who is the subject of the petition to undergo an evaluation by two licensed mental health professionals, and a certificate of evaluation to be completed and filed with the court prior to the hearing.

1. The evaluation shall be conducted on an outpatient basis unless the court has issued an order for prehearing detention.

2. A copy of all petitions, orders, affidavits, police reports and other relevant documents shall accompany the person to the place where the evaluation is to be conducted.

3. Upon completion of the evaluation, the facility shall transmit a copy of the report of the licensed mental health professionals conducting the evaluation and the certificate of evaluation to the court and to the attorney of record for the person evaluated.

B. The report of the licensed mental health professionals conducting an evaluation pursuant to this section shall include written findings as to whether:

1. The person being evaluated appears to have a demonstrable mental illness and is a person requiring treatment as defined in this title, and is reasonably likely to benefit from mental health treatment; and

2. Based on the following, inpatient treatment is the least restrictive alternative that meets the needs of the person:

- a. reasonable efforts have been made to provide for the mental health treatment needs of the person through the provision of less restrictive alternatives and the alternatives have failed to meet the treatment needs of the person, or

- b. after a thorough consideration of less restrictive alternatives to inpatient treatment, the condition of the person is such that less restrictive alternatives are unlikely to meet the treatment needs of the person.

C. The certificate of evaluation shall be substantially in the following form and signed by two licensed mental health professionals who have participated in the evaluation of the person. At least one of the licensed mental health professionals shall be a psychiatrist who is a diplomate of the American Board of Psychiatry and Neurology, a licensed clinical psychologist, or a licensed Doctor of Medicine or Doctor of Osteopathy who has received specific

§ 5-415. Hearing and order

A. Upon receiving a petition alleging a person to have a mental illness and to be a person requiring treatment, the court shall set a day and time for the hearing.

1. If the person alleged to have a mental illness and to be a person requiring treatment does not have an attorney, the court shall immediately appoint an attorney for the person.

2. If a copy of a certificate of evaluation is not attached to the petition at the time it is filed, the court shall immediately order an evaluation of the person as provided by Section 5-414 of this title.

B. If the court deems it necessary, or if the person alleged to have a mental illness and to be a person requiring treatment shall so demand, the court shall schedule the hearing on the petition as a jury trial to be held within seventy-two (72) hours of the demand, excluding weekends and holidays, or within as much additional time as is requested by the attorney of such person upon good cause shown.

C. The court, at the hearing on the petition, shall determine by clear and convincing evidence whether the person has a mental illness and is a person requiring treatment.

1. The court shall take evidence and make findings of fact concerning the person's competency to consent to or refuse the treatment that may be ordered, including, but not limited to, the patient's right to refuse medication.

2. If a jury trial is not demanded, the court may receive as evidence and act upon the affidavits of the licensed mental health professionals who evaluated the person and the certificate of evaluation.

3. When the hearing is conducted as a jury trial, the petitioner and any witness in behalf of the petitioner shall be subject to cross-examination by the attorney for the person alleged to be a person requiring treatment. The person alleged to have a mental illness and to be a person requiring treatment may also be called as a witness and cross-examined.

D. When, after the hearing, the court determines that the person does not have a mental illness and is not a person requiring treatment, the court shall dismiss the petition and, if the person is being detained, order the person to be discharged from detention.

E. When, after the hearing, the court determines the person to have a mental illness and to be a person requiring treatment, the court shall order the person to receive the least restrictive treatment consistent with the treatment needs of the person and the safety of the person and others.

1. The court shall not order hospitalization without a thorough consideration of available treatment alternatives to hospitalization and may direct the submission of evidence as to the least restrictive treatment alternative or may order a precommitment screening examination .

2. If the court finds that a program other than hospitalization is appropriate to meet the individual's treatment needs and is sufficient to prevent injury to the individual or to others, the court may order the individual to receive whatever treatment other than hospitalization that is appropriate for a period set by the court, during which time the court shall continue its jurisdiction over the individual as a person requiring treatment.

3. If the court orders the person to be committed for involuntary inpatient treatment, the court shall commit the person to the custody of the Department of Mental Health and Substance Abuse Services for a placement that is suitable to the person's needs or to a private facility willing to accept the person for treatment.

4. The person shall be delivered to the custody of the Department of Mental Health and Substance Abuse Services for a placement that is suitable to the person's needs or to a private facility willing to accept the person for treatment.

5. If the person is placed in the custody of the Department, the Department may designate two or more facilities to provide treatment and if the person to be treated or a parent, spouse, guardian, brother, sister or child, who is at least eighteen (18) years of age, of the person, expresses a preference for one such facility, the Department shall attempt, if administratively possible, to comply with the preference.

6. The person shall be discharged from inpatient treatment at such time as the person no longer requires treatment as determined by the executive director of the facility or the designee of the executive director, or as otherwise required by law.

F. The court shall make and keep records of all cases brought before it.

1. No records of proceedings pursuant to this section shall be open to public inspection except by order of the court or to employees of the Department of Mental Health and Substance Abuse Services, the person's attorney of record, or persons having a legitimate treatment interest.

2. Bonded abstractors may be deemed to be persons having a legitimate interest for the purpose of having access to records regarding determinations of persons requiring treatment under this section.

§ 5-416. Alternatives to hospitalization – Patient rights – Expiration of orders – Notice - Application

A. The court, in considering a commitment petition filed under Section 5-410 or Section 9-102 of this title, shall not order hospitalization without a thorough consideration of available treatment alternatives to hospitalization, nor without addressing the patient's competency to consent to or refuse the treatment that is ordered including, but not limited to, the patient's rights:

1. To be heard concerning the patient's treatment; and

2. To refuse medications.

B. 1. If the court, in considering a commitment petition filed under Section 5-410 or Section 9-102 of this title, finds that a program other than hospitalization is adequate to meet the individual's treatment needs and is sufficient to prevent injury to the individual or to others, the court may order the individual to receive whatever treatment other than hospitalization is appropriate for a period set by the court, during which time the court:

a. shall have continuing jurisdiction over the individual as a person requiring treatment, and

b. shall periodically, no less often than annually, review the treatment needs of the individual and determine whether or not to continue, discontinue, or modify the treatment.

2. If at any time it comes to the attention of the court from a person competent to file or request the filing of a petition, pursuant to subsection A of Section 5-410 of this title, that the individual ordered to undergo a program of alternative treatment to hospitalization is not complying with the order or that the alternative treatment program has not been sufficient to prevent harm or injury which the individual may be inflicting upon himself or others, the court may order the person to show cause why the court should not:

a. implement other alternatives to hospitalization, modify or rescind the original order or direct the individual to undergo another program of alternative treatment, if necessary and appropriate, based on written findings of the court, or

b. enter an order of admission pursuant to the provisions of this title, directing that the person be committed to inpatient treatment and, if the individual refuses to comply with this order of inpatient treatment, the court may direct a peace officer to take the individual into protective custody and

transport the person to a public or private facility designated by the court.

3. The court shall give notice to the person ordered to show cause and hold the hearing within seventy-two (72) hours of the notice. The person ordered to undergo a program of alternative treatment shall not be detained in emergency detention pending the show cause hearing unless, prior to the emergency detention, the person has undergone an emergency examination and a determination is made that emergency detention is warranted.

4. If an order of alternative treatment will expire without further review by the court and it is believed that the individual continues to require treatment, a person competent to file or request the filing of a petition, pursuant to subsection A of Section 5-410 of this title, may file or request the district attorney file either an application for an extension of the court's previous order or an entirely new petition for a determination that the individual is a person requiring treatment.

5. A hearing on the application or petition filed pursuant to paragraph 4 of this subsection shall be held within ten (10) days after the application or petition is filed, unless the court extends the time for good cause. In setting the matter for hearing, the court shall consider whether or not the prior orders of the court will expire during the pendency of the hearing and shall make appropriate orders to protect the interests of the individual who is the subject of the hearing.

C. Prior to ordering the inpatient treatment of an individual, the court shall inquire into the adequacy of treatment to be provided to the individual by the facility, and inpatient treatment shall not be ordered unless the facility in which the individual is to be treated can provide such person with treatment which is adequate and appropriate to such person's condition.

D. Nothing in this section shall prohibit the Department of Mental Health and Substance Abuse Services or the facility or program providing the alternative treatment from discharging a person admitted pursuant to this section, at a time prior to the expiration of the period of alternative treatment, or any extension thereof. The facility or program providing the alternative treatment shall file a report with the court outlining the disposition of each person admitted pursuant to this section within forty-eight (48) hours after discharge.

E. Notice of any proceedings pursuant to this section shall be given to the person, the person's guardian, the person's attorney, and the person filing the petition or application.

A precommitment examination ordered by the court shall include, but is not limited to:

1. A physical evaluation;
2. A mental evaluation;
3. A social history;
4. A study of the individual's family and community situation;
5. A list of available forms of care and treatment which may serve as an alternative to admission to a hospital; and
6. A recommendation as to the least restrictive placement suitable to the person's needs, as identified by this section, should the individual be ordered to undergo treatment by the court. Programs other than hospitalization to be considered shall include, but not be limited to, outpatient clinics, extended care facilities, nursing homes, sheltered care arrangements, home care and homemaker services, and other treatment programs or suitable arrangements.

§ 5-418. Precommitment screening examination - Copy of Order to be provided examinee - Explanation of examination

In addition to the notice requirements contained in the Mental Health Law, each person ordered to undergo a precommitment screening examination shall receive:

1. A copy of the order requiring the person to undergo the examination; and
2. A written statement explaining what the examination will cover. If the individual is unable to read or understand the written materials, every effort will be made to explain them in a language such person understands, and a copy of the examination findings shall be provided to the court, and to the person's attorney of record, if known, upon completion.

§5-419. Modification Orders - Notice - Contents of notice

The court may modify an order for involuntary inpatient commitment and order alternative treatment pursuant to the provisions of this section upon request of the person committed or the administrator of a facility to which a person has been involuntarily committed for inpatient treatment. The court shall give notice to the person affected thereby to appear within five (5) regular court days, or as many other days as the court may grant, and show cause why the modification shall not be made. The notice shall contain the following information:

1. The individual ordered to undergo a program of alternative treatment to hospitalization is not complying with the previous order, or that the alternative treatment program has not been sufficient to prevent harm or injury to the person or others or committed for inpatient care and treatment is eligible for discharge and that an evaluation conducted prior to discharge determined that an order for alternative

treatment is necessary in order to prevent impairment or injury to the person;

2. A statement of the facts upon which the alleged change of condition is based and a copy of any written findings entered by the court;

3. Notice of the time and place of the show cause hearing;

4. Notice of the types of modifications that the court can make pursuant to this hearing;

5. The witnesses who shall testify or offer evidence for the modification which are known to the court;

6. That the individual has the right to an attorney, and that if the individual cannot afford an attorney, one will be provided ; and

7. That the individual has the right to cross-examine witnesses, and to call witnesses in such person's own defense.

§ 5-420. Review of status of persons involuntarily committed for treatment

A. The Board of Mental Health and Substance Abuse Services shall adopt rules and procedures to ensure that persons involuntarily committed for treatment by a court receive review of their involuntary status at least once every three (3) months, and the Department of Mental Health and Substance Abuse Services shall take appropriate action based upon this review.

B. Any person receiving involuntary inpatient treatment, or such person's attorney, may at any time file a written request that the treatment order be reviewed by the committing court, or a court in the county where the person is located. If a review is requested, the court shall hear the matter within thirty (30) days after the request, and the court shall give notice to the person and such person's attorney and the person in charge of the facility of the time and place of the hearing. The hearing shall be to determine if the person can be treated on a

less restrictive basis. At the conclusion of the hearing, the court may confirm the order of treatment, modify the order of treatment, discharge the respondent, or enter any appropriate order.

the minor is such that the minor should remain in the facility.

D. A minor who is in the legal custody of the Department of Human Services or the Office of Juvenile Affairs, or who is a ward of a court may be admitted to a hospital or other facility for inpatient mental health or substance abuse treatment only pursuant to the provisions of Section 5-507 of this title.

2. Nothing in the Inpatient Mental Health and Substance Abuse Treatment of Minors Act shall be interpreted to:

a. limit the authority of the court to order a parent to make support payments or to make payments or reimbursements for medical care or treatment, including mental health care or treatment, to the person, institution, or agency having custody of the minor or providing the treatment, or

b. abrogate the right of the minor to any benefits provided through public funds for which the minor is otherwise eligible.

F. If a peace officer reasonably believes that a minor is a minor in need of treatment, the officer shall take the minor into protective custody and shall transport the minor to a mental health or substance abuse treatment facility for evaluation. Peace officers providing such transportation services shall be entitled to reimbursement pursuant to Section 1-110 of this title.

When jurisdiction has been obtained over a minor who is or is alleged to be in need of treatment, such jurisdiction may be retained until the minor is discharged from treatment ordered by the court. For the convenience of the parties and in the interest of justice, a proceeding under the Inpatient Mental Health and Substance Abuse Treatment of Minors Act may be transferred to the district court in any other county.

The district court in which a petition is filed or the district court in which custody has been assumed pursuant to the provisions of Section 7003-2.1 of Title 10 of the Oklahoma Statutes may retain jurisdiction of a minor in need of treatment in such proceeding even if the minor is subject to the jurisdiction of another district court within the state. Any orders made by the court in which the petition is filed shall control over prior orders in regard to the minor.

3. The district court in which a petition is filed which alleges that a minor is a minor in need of treatment may issue any temporary order or grant any interlocutory relief authorized by the Inpatient Mental Health and Substance Abuse Treatment of Minors Act even if another district court within the state has jurisdiction of the minor or has jurisdiction to determine the custody or support of the minor.

4. If the district court in which a petition is filed pursuant to either paragraph 2 or 3 of this subsection sustains the petition, the district court shall have the jurisdiction to make a final determination on the petition or to transfer the proceedings to a court having prior jurisdiction over the minor. Where the other proceeding is pending in the same judicial district in which the petition is filed, the chief judge of the judicial district shall determine which judge shall try the issues when the judges to whom the cases have been assigned are unable to

agree on the procedure that should be followed.

B. Unless otherwise specifically provided by the Inpatient Mental Health and Substance Abuse Treatment of Minors Act and Title 43A of the Oklahoma Statutes, the rules of civil procedure shall apply to all legal proceedings pursuant to the Inpatient Mental Health and Substance Abuse Treatment of Minors Act.

- b. based upon the following, inpatient treatment is determined to be the least restrictive alternative that meets the needs of the minor:

- (1) reasonable efforts have been made to provide for the treatment needs of the minor through the provision of less restrictive alternatives and such alternatives have failed to meet the treatment needs of the minor, or

- (2) after a thorough consideration of less restrictive alternatives to inpatient treatment, the condition of the minor is such that less restrictive alternatives are unlikely to meet the treatment needs of the minor, and

- c. the minor has been provided with a clinically appropriate explanation of the nature and purpose of the treatment, and

- d. if the minor is sixteen (16) years of age or older, the minor has been provided with an explanation of his or her rights pursuant to the provisions of the Inpatient Mental Health and Substance Abuse Treatment of Minors Act, including the right to object to admission.

E. Any minor younger than sixteen (16) years of age admitted under this section and the consenting parent of the minor shall be informed orally and in writing by the director of the facility for inpatient treatment within five (5) days prior to the sixteenth birthday of the minor that continued voluntary treatment under the authority of this section requires the consent of the minor.

F. If the parent who consented to the admission of a minor under this section revokes such consent at any time, or if a minor sixteen (16) years of age or older objects at any time to further treatment, the minor shall be discharged within forty-eight (48) hours to the custody of such consenting parent, unless the district attorney is requested to file a petition alleging the minor to be a minor in need of treatment and to require inpatient treatment in accordance with the provisions of this title.

a. If the court finds probable cause exists that the minor is a minor in need of treatment, the court shall issue a prehearing detention order authorizing the facility to detain the minor until the hearing on the petition and to immediately set a date and time for a hearing on the petition. C. If the parent who consented to the admission of a minor under this section revokes such consent at any time, the minor shall be released within forty-eight (48) hours to the custody of the parent unless the person in charge of the facility, or a designee, requests the filing of a petition as provided of in this section.

Such jury shall consist of six persons.

1. If a jury trial is not demanded, the court may receive as evidence and act upon the evaluation or report of the licensed mental health professional who evaluated the minor;

2. When the hearing is conducted as a jury trial, any witness on behalf of the district attorney shall be subject to cross-examination by the attorney for the minor alleged to be a minor requiring treatment.

§ 5-512. Commitment to mental health facility – Prerequisites – Review of commitment

A. At the hearing the court shall determine whether by clear and convincing evidence:

1. The minor has a demonstrable mental illness or is drug or alcohol dependent and as a result of that mental illness or drug or alcohol dependence can be expected within the near future to inflict or attempt to inflict serious bodily harm to himself or herself, or another person if services are not provided, and has engaged in one or more recent overt acts or made

significant recent threats which substantially support that expectation; and

2. The minor is a minor in need of treatment proposed in the individualized treatment plan and is likely to benefit from such treatment.

B. After a hearing, the court shall order the minor to receive the least restrictive care and treatment appropriate for the treatment needs of the minor until such time as the care and treatment are no longer necessary.

C. The court shall not commit a minor to a facility for inpatient treatment unless the court determines:

1. The minor has a demonstrable mental illness or is drug or alcohol dependent and as a result of that mental illness or drug or alcohol dependence can be expected within the near future to inflict or attempt to inflict serious bodily harm to himself or herself, or another person if services are not provided, and has engaged in one or more recent overt acts or made significant recent threats which substantially support that expectation; or

2. That all reasonable efforts have been made to provide for the treatment needs of the minor through the provision of less restrictive alternatives to inpatient treatment and that such alternatives have failed to meet the treatment needs of the minor; or

3. After a thorough consideration of less restrictive alternatives to inpatient treatment, that the condition of the minor is such that less restrictive alternatives are unlikely to meet the treatment needs of the minor; and

4. There are no comparably effective services available to the minor that are less physically intrusive or restrictive.

D. Whenever, after a hearing, the court finds that the minor:

1. Is not a minor in need of treatment the court shall dismiss the case; or

2. Is a minor in need of treatment but does not require inpatient treatment, the

court may order treatment or services through a less restrictive alternative to inpatient mental health or substance abuse treatment, which may include ordering the minor to take medication as prescribed by a physician and, upon a finding that it is in the best interests of the minor, the court may order the parents or other adult persons living in the home of the minor to comply with reasonable conditions relating to the treatment of the minor.

E. Whenever, after a hearing, the court finds that the minor is a minor in need of treatment and requires inpatient treatment in a mental health or substance abuse treatment facility, the court shall order the commitment of the minor to a mental health or substance abuse treatment facility for not more than thirty (30) days, and:

1. When the minor is in the custody of a parent or legal guardian, order the parent or legal guardian to make arrangements for the admission of the minor to a public or private mental health or substance abuse treatment facility appropriate for the inpatient care and treatment of minors which is willing to admit the minor for treatment; and

2. When the minor is in the custody of the Department of Human Services or the Office of Juvenile Affairs, order the Department or Office, as applicable, to make arrangements for the placement of the minor in a public or private mental health or substance abuse treatment facility appropriate for the inpatient treatment needs of the minor.

F. Whenever the court commits a minor to a mental health or substance abuse treatment facility for inpatient treatment pursuant to this section, the court shall set the matter for review and shall review the matter not more than thirty (30) days from the date of commitment and shall continue to review the matter at intervals of not more than thirty (30) days until the minor is

discharged from inpatient treatment. Not less than three (3) days prior to the review hearing, the mental health or substance abuse treatment facility shall submit a report regarding the minor's progress and treatment and make a recommendation as to whether the minor needs inpatient care and the reasons therefore.

§ 5-513. Individualized treatment plan - Discharge Plan

A. Within ten (10) days after the admission of a minor for inpatient treatment, the person in charge of the facility in which the minor is being treated shall ensure that an individualized treatment plan has been prepared by the person responsible for the treatment of the minor. The minor shall be involved in the preparation of the treatment plan to the maximum extent consistent with the ability of the minor to understand and participate. The parent or legal custodian of the minor or, if the minor is in the custody of the Department of Human Services or the Office of Juvenile Affairs, the designated representative of the applicable agency, shall be involved to the maximum extent consistent with the treatment needs of the minor.

B. The minor shall be discharged from the facility when the minor no longer meets the admission or commitment criteria, as determined by appropriate medical staff review after such persons have examined the minor and reviewed reports submitted by facility staff familiar with the condition of the minor. If not previously discharged, a minor committed by a court for inpatient treatment shall be discharged upon the expiration of a court order committing the minor for inpatient treatment or an order of the court directing the discharge of the minor.

C. Prior to the discharge of the minor from inpatient treatment, a discharge plan for the minor shall be prepared and

explained to the minor and the parent or the person responsible for the supervision of the case. The plan shall include, but not be limited to:

1. The services required by the minor in the community to meet the minor's needs for treatment, education, housing and physical care and safety;
2. Identification of the public or private agencies that will be involved in providing treatment and support to the minor;
3. Information regarding medication which should be prescribed to the minor; and
4. An appointment for follow-up outpatient treatment and medication management.

§ 5-521. Department of Mental Health and Substance Abuse Services Pilot Projects

A. The Department of Mental Health and Substance Abuse Services shall continue pilot projects previously established for the delivery of mental health services to children and adolescents through a community-based system of care, contingent upon the availability of funds. Pilot projects shall include, but not be limited to, requirements for:

1. The active participation and assistance of:
 - a. local public agencies and private child-serving agencies receiving state funds through contracts with state agencies,
 - b. local offices of state agencies having health, mental health or social or other service responsibilities related to children and adolescents, and
 - c. the local school district;
2. The use of comprehensive treatment plans that cross individual agency boundaries;
3. Case managers responsible for the coordination of service delivery;

4. Flexible funding to provide traditional or nontraditional services for which no other source of funding is available;

5. A coordinated database for children receiving services through the pilot project; and

6. Outcome measures to evaluate the service and cost effectiveness of the project.

B. Community-based system of care for mental health services for children and adolescents shall be funded through available agency funds, federal grants, and private grants or other funds. Each state agency required by this act to participate in the continuation of pilot projects shall also assist with funding, including any required state matches to federal funds.

As used in this section, "community-based system of care" means a consortium of public and private agencies within a community that establishes a coordinated team approach for the delivery of services to children and adolescents who require mental health services and their families. Services provided under a community-based system of care may include, but shall not be limited to, case management and service coordination, counseling, day treatment, special education services, family support, health services, homebound services, respite care, residential care, transitional services, psychiatric consultation, medication, transportation and wrap-around or nontraditional services.

§ 6-102. Transfer of patients to federal agencies for care and treatment

If the patient has been admitted under involuntary court-ordered commitment proceedings, the Commissioner shall notify the committing court of any transfer when it has been effected. Any patient transferred as provided in this section shall be deemed to be committed to the United States Public Health Service or other agency of the United States Government or a veterans center in the state or other agency of the state pursuant to the original commitment the same as if he had been originally committed.

B. In the event that a patient transferred under provisions of this section subsequently becomes ineligible for continued services of, or if required services cannot be provided by the entity or institution wherein the patient is then committed and residing, the Commissioner shall upon notification accept the return of the patient to the appropriate institution of

the Department. If the patient has been admitted under this title, the Commissioner shall notify the committing court of the transfer when it has been effected. Any patient transferred as provided in this section shall be deemed to be committed to the Department pursuant to the original commitment the same as if he had been originally committed.

**INTERSTATE COMPACT ON
MENTAL HEALTH**

§ 6-201. Enactment of compact –Text

The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows: the contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment,

or supervision pursuant to the provisions of this compact.

(e) "After-care" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof,

and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive aftercare or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that aftercare in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such aftercare in said receiving state, and such investigation shall be made

with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive aftercare or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on aftercare, pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly-accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefore.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another

jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that

no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one (1) year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

§ 6-202. Compact administrator - Powers

Pursuant to said compact, the Director of the Department of Mental Health and Substance Abuse Services, shall be ex officio compact administrator and who, acting jointly with like officers of other party states, shall have power to promulgate

rules and regulations to carry out more effectively the terms of the compact. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact of any supplementary agreement or agreements entered into by this state thereunder.

§ 6-203. Supplemental agreements

The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact. In the event that such supplementary agreements shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, no such agreement shall have force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service.

§ 6-204. Discharge of financial obligations

The compact administrator, subject to the approval of the State Budget Director, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder, and said payments shall be made from monies appropriated to the Department of Mental Health and Substance Abuse Services.

§ 6-205. Proposed transferees

The compact administrator is hereby directed to consult with the immediate family of any proposed transferee and, in the case of a proposed transferee from an institution in this state to an institution in another party state, to take no final action without approval of the district court.

DISCHARGE AND RELEASE OF PATIENTS

§ 7-101. Discharge or permission to leave facility - Convalescent leave - Outpatient status - Visiting status - Notification of discharge - Expense of returning to facility - Procedure for return

A. The person in charge of a facility within the Department of Mental Health and Substance Abuse Services shall discharge a patient or permit the patient to leave the facility as provided herein.

B. The person in charge shall discharge a patient:

1. Who is no longer a risk to self or others as defined in Section 1-103 of this title; and

2. Who is capable of surviving safely in freedom alone or with the help of willing and responsible family members or friends; and

3. For whom a discharge plan has been developed pursuant to the provisions of Section 7-102 of this title.

C. The person in charge may grant a convalescent leave or visiting status to a patient in accordance with policies prescribed by the Commissioner. The facility granting a convalescent leave or visiting status to a patient has no responsibility in returning the patient to the facility should such become necessary. A convalescent leave or visiting status may be granted rather than a discharge when the patient's complete recovery can be

determined only by permitting the patient to leave the facility. The person in charge shall discharge a patient who has not returned to the facility within twelve (12) months from the time a convalescent leave or visiting status was granted. Any return from convalescent leave or visiting status must be on a voluntary basis.

D. In accordance with policies prescribed by the Commissioner, a person in charge may transfer a patient to an outpatient or other nonhospital status when, in the opinion of the person in charge, such transfer will not be detrimental to the public welfare or injurious to the patient and the necessary treatment may be continued on that basis; provided however, that before transferring the patient, the person in charge shall ensure that appropriate financial resources and appropriate services are available to receive and care for such patient after such transfer.

E. The person in charge of the facility shall notify the court that committed the patient that the patient has been discharged. Such notification shall be within forty-eight (48) hours after the actual discharge.

F. The expense of returning a patient from convalescent leave, outpatient status or visiting status shall be that of:

1. The party removing the patient from the facility; or

2. The Department. When it becomes necessary for the patient to be returned from the county where the patient happens to be, the Department shall reimburse the county pursuant to the provisions of the State Travel Reimbursement Act.

G. In the event authorization is necessary to accomplish the return of the patient to the facility, such authority is hereby vested in the judge of the district court in the county where the patient is located. Upon receipt of notice that the patient needs to be returned to the facility, the judge shall cause the patient to be

brought before the court by issuance of a citation directed to the patient to appear and show cause why the patient should not be returned to the facility. The judge shall, if clear and convincing evidence is presented by testimony under oath that the patient should be returned to the facility, enter an order returning the patient. If there is a lack of clear and convincing evidence showing the necessity of such return, the patient shall immediately be released. Law enforcement officers are authorized to take into custody, detain and transport a patient pursuant to a citation or an order of the judge of the district court.

H. An attending physician of any patient admitted to a private facility may discharge a patient or permit the patient to leave the facility subject to the same provisions applicable to the discharge or release of a patient by the person in charge of a state facility.

§ 7-102. Discharge planning and assistance

A. Any person detained or voluntarily or involuntarily committed for treatment pursuant to the provisions of the Mental Health Law shall be provided with discharge planning and assistance by the facility where detained or treated. Discharge planning and assistance shall include, but not be limited to, the following:

1. Return of all personal possessions to the person, upon discharge, except contraband considered illegal; and

2. Transportation assistance.

B. 1. A discharge plan shall be completed for every person to be discharged from a facility operated by the Department of Mental Health and Substance Abuse Services or an agency which provides services pursuant to a contract with the Department.

2. Discharge planning and the discharge plan shall include, but not be limited to:

- a. housing information and referral, a location, approved by the Department, where the patient will reside, provided, the Department shall give preference to discharge to an appropriate verifiable address, and, as necessary, placement assistance pursuant to Section 7-104 of this title,

- b. planning for outpatient treatment, as appropriate, including but not limited to assignment of a case manager, an initial appointment for outpatient services and a treatment plan. Sufficient medication to enable the person to be discharged to continue the course of medication prescribed for such person until such appointment shall be provided to the person being discharged at the time of discharge, and

- c. provision of the information in the discharge plan required by this subsection to the patient in writing after such information has been fully explained to the person being discharged. The plan shall be signed by the person being discharged and by the person explaining the plan upon completion of a verbal explanation of such plan and shall be signed in the presence of a family member of the person being discharged, or other person interested in the welfare of the person being discharged. The original copy of the plan shall become a part of the official discharge papers of the patient and shall be kept in the permanent files of the patient. A copy of the signed discharge plan shall be furnished the person being discharged.

C. The person designated by the Department may provide a family member of the person being discharged, or other person interested in the welfare of the person being discharged, with information related to the discharge plan as necessary, appropriate and in compliance with confidentiality requirements to enable said

family member or other person to assist with the implementation of and compliance with the treatment plan.

D. If a determination is made that an order for alternative treatment is necessary, the executive director or person in charge of the facility in which the person is receiving inpatient treatment shall:

1. File or request the filing of a petition as provided by Section 5-410 or 9-102 of this title requesting said order; or

2. Request the court to modify an existing order for involuntary commitment as provided by Section 5-419 of this title.

§ 7-103. Clothing and expenses of released patients

No patient shall be discharged or granted convalescent leave status from a state hospital without suitable clothing adapted to the season in which he is discharged or granted convalescent leave status; and if it cannot be otherwise obtained, the business manager of the institution shall, upon the order of the superintendent, furnish the same, and reasonable transportation costs and money not to exceed Twenty-five Dollars (\$25.00), to defray his expenses until he can reach his relatives or friends, or find employment to earn a subsistence.

§ 7-104. Placement of homeless patients

In the case of a patient who has substantially impaired ability to provide adequate self care or custody and who has no home or relatives or friends able and willing to care for the patient, the superintendent prior to discharge from the facility shall make a reasonable effort to arrange an appropriate placement and necessary services for the patient. When necessary, the superintendent shall refer to other public or voluntary agencies for assistance; provided, nothing in this section or Section 7-102 of this title shall be construed as restricting the right of an adult

patient, when such patient has not been found by a court to be incompetent, to determine the placement or residence of such patient upon discharge from a facility.

§ 7-105. Delivery of funds to patient at time of discharged

It shall be the duty of the superintendent of such institution to deliver all personal funds in his hands for the benefit of a patient to said patient at the time said patient is discharged.

§ 7-106. Return of property upon death or discharge of patient

When any patient in any state institution subject to the jurisdiction of the Department of Mental Health and Substance Abuse Services dies or leaves such institution, all property, including money, belonging to said patient shall be immediately delivered to the patient, if leaving, or to his guardian or next of kin, if the patient has died; provided that if the patient has died and no person is available for such delivery, the institution shall notify the guardian or next of kin of such death and the description of the property on hand by certified mail at the last-known address of such guardian or next of kin, and that if said property is not claimed within one (1) year from the date of such notice, then such property shall become the property of the state, and all such monies shall be credited to the revolving fund of the institution.

§ 7-107. Escape or leave without permission - Notice - Discharge or convalescent leave – Apprehension

When an institution within the department has a patient leave without permission, or escape, the superintendent of the institution shall so notify some relative of the patient, or, in the event the patient has been admitted in accordance with the a court order, the judge of the court ordering the

patient to the hospital. Should a patient, other than one admitted in accordance with a court order, absent from the hospital without permission, not cause trouble in the community to which he goes, he may be discharged or given convalescent leave at the discretion of, and by, the superintendent of the hospital. Any other patient, escaped or absent without permission, who has to be returned to the hospital shall be returned by the relatives or friends or, in the event of their failure to return the escaped individual, it shall be the responsibility and duty of officers of the county wherein the individual is present to apprehend said individual and return the patient to the appropriate institution. In addition, it shall be the duty of any municipal law enforcement officer to directly return such patient if the institution is located within the boundaries of the governmental entity employing the officer. The governmental entity employing the law enforcement officers shall reimburse said officers for necessary travel expense as provided by law.

§ 7-108. Removing patient from institution– Assisting or encouraging escape

Any person who takes a patient who has been lawfully admitted thereto from any institution within this department without the consent of the superintendent, or who entices, assists or encourages any such patient to escape therefrom shall be guilty of a misdemeanor and, upon conviction, shall be fined not to exceed One Thousand Dollars (\$1,000.00) or confined in jail not to exceed one (1) year, or both.

§§ 7-109, 7-110, and 7-111. Repealed

§ 7-112. Judicial proceeding for declaration of restoration to soundness of mind – Procedure

When any person shall have been adjudged legally mentally incompetent, petition may be presented to the court or the judge thereof which made such adjudication or to the court or the judge of the county where the person resides, for a finding and order declaring such person restored to soundness of mind. If an order is entered restoring the person to soundness of mind, such order shall be forwarded to the court which made the order adjudging said incompetency, and shall be placed in the original file of the matter. Said order shall not affect any guardianship proceedings pending so as to prevent the payment of any lawful claims against such guardianship estate. If a person has been adjudged to be legally mentally incompetent in another state, the petition may be presented to the district court or the judge thereof where the patient resides or where the institution in which the patient is confined is located. Such a petition may be presented by the person who has been declared to be incompetent, or by his father, mother, husband, wife, brother, sister, child, or next of kin, or if in his opinion the patient has recovered, by the superintendent of the institution in which he is held. If the superintendent of the institution where a person is confined files a petition, in addition to requesting an adjudication as to the person's competency, the superintendent may request the appointment of a temporary guardian to whom the mentally incompetent person may be released pending the hearing on the petition. If such a request is made, the superintendent must attach a verified affidavit to his petition stating that the patient no longer needs care and treatment and confinement is not necessary for his safety and the safety of others. The district attorney of the county in which the petition

is filed shall represent the superintendent of the institution in which the patient is kept and shall prepare the necessary pleadings for him. Upon presentation of the petition to the court or the judge thereof, the court or the judge thereof, shall fix a time for hearing thereon, and in case the application is made by the person adjudged mentally incompetent, shall cause notice of such hearing to be given to the person who applied for such adjudication, if he be found in said county, and may cause such further notice to be given as to the court or the judge thereof seems proper. If, upon the hearing of such petition the court or the judge thereof from the testimony given, shall find such person restored to soundness of mind, an order shall be entered declaring him mentally competent; provided, however, that the testimony of at least two qualified examiners establishing the sanity of such person, shall be required before the finding of the court or the judge thereof and entering such order. The provisions of this section must also be followed when determining the competency of a person who has legally been determined to be mentally incompetent although they are not institutionalized.

§ 7-113. Guardianship of person and estate without hospitalization – Adjudication – Bond of guardian

If after full examination and hearing the court shall determine that a person is mentally incompetent, but that it is not necessary to hospitalize him for treatment or for his own welfare, the welfare of others or of the community, the judge of the district court must issue an order adjudging the person to be mentally incompetent and must appoint a guardian of his person and estate with the powers and duties that are prescribed for the guardian of a minor. Every such guardian has the care and custody of his ward, and the management of all his estate, until such guardian is legally

discharged. The guardian shall give bond to the State of Oklahoma, in like manner and with like conditions, as before prescribed with respect to the guardian of a minor, provided that upon a finding by the district court that:

1. The anticipated annual income to a ward for one (1) year plus the value of the personal property of the ward is less than Forty Thousand Dollars (\$40,000.00); and

2. The guardian of the ward is either a parent or a child of the ward, the court may order that a bond is not necessary.

In all other cases, except as provided in subsection A of Section 776 of this title, a bond shall be required.

§ 8-104. Voluntary admission

§ 8-105. Court certification

(B) The name of the physician who will be the attending physician during the period of the patient's hospitalization in said private hospital or institution. The qualifications for the attending physician shall be the same as those set forth for a "qualified examiner" by the Mental Health Law.

(C) A statement by the person in charge of said private hospital or institution, or someone designated by him, that the alleged mentally ill person will be admitted on presentation of a valid order for admission. This statement shall be dated no more than five (5) days prior to the date of the hearing.

§ 8-106. Attending physician - Responsibility – Discharge of patient

The responsibility for prescribing the treatment of any patient admitted either voluntarily or by commitment, and for determining his eligibility for discharge, shall be that of the attending physician. In the event the petitioner, relative, or guardian wishes to change the attending physician, a written statement releasing the attending physician of record and naming a new qualified attending physician must be submitted to the court, accompanied by a written statement from the new attending physician agreeing to assume the responsibilities provided by law. In the event the attending physician wishes to withdraw from the case, he shall notify the court and the petitioner, relative, or guardian in writing. The petitioner, relative, or guardian shall forthwith appoint a new attending physician in the manner set forth above.

In the event the petitioner, relative, or guardian does not appoint a new attending physician within a reasonable length of time, then a new attending physician will be appointed by the judge of the committing court. The new attending physician must be a qualified staff member of the private hospital or institution wherein the patient is hospitalized, and must file a written statement with the committing court agreeing to assume the responsibilities provided by law.

The attending physician may discharge a patient or grant leave to a patient only as provided in this act. The attending physician may discharge a patient at any time as follows:

Neither the attending physician nor the private hospital or institution shall be responsible for the patient or any act of the patient, while on visiting or convalescent leave status. If at the end of said six (6) months period the patient has not returned as an inpatient to the private hospital or institution for further treatment, he shall be automatically discharged from the books of said private hospital or institution. The committing court shall be notified by a written sealed communication of said discharge.

§ 8-107. Leaving hospital or institution without permission

When a private hospital or institution has a mentally ill person leave without permission, or to escape, the person in charge of the private hospital or institution shall immediately notify the attending physician and, in the case of a committed patient, the committing court. In the case of a committed patient, the attending physician shall in turn immediately notify the petitioner, relative or guardian who obtained the commitment to the private hospital or institution. It shall be the responsibility of the petitioner, relative, or guardian who obtained his commitment to return the patient to the hospital or institution and, in the event of their failure to return the escaped patient, then it shall be the responsibility and duty of the sheriff of the county wherein the patient is present to apprehend the patient and return him to the private hospital or institution. The county shall reimburse said officers for necessary travel expenses as provided by law.

§ 8-108. Transfer of patients to state or federal hospital

A patient committed to a private hospital or institution under the provisions of this act may be transferred to a state or federal hospital for the mentally ill at any time prior to discharge. The sheriff of the county in which the patient is hospitalized is authorized to transport the patient to the state hospital, and the expense of conveying the patient will be borne whenever possible by the petitioner, relative, or guardian; otherwise, the sheriff or his deputy shall be reimbursed for necessary travel expenses and subsistence as provided by law for other official business. A female attendant must accompany a sheriff transporting a female patient.

Repealed**

**COMMITMENT OF ALCOHOL OR
DRUG-DEPENDENT PERSONS -
PROCEDURES**

**§ 9-101. Voluntary Treatment -
Application - Admission – Discharge**

A. An alcohol- and/or drug-dependent person may apply for voluntary treatment directly to an approved treatment facility. A minor may apply for voluntary treatment subject to the provisions of Section 2602 of Title 63 of the Oklahoma Statutes. A minor not empowered by Section 2602 of Title 63 of the Oklahoma Statutes to consent to voluntary treatment or an incompetent person may apply for voluntary treatment with the approval of the minor's parent, spouse or legal guardian.

B. Subject to rules adopted by the Board of Mental Health and Substance Abuse Services, the administrator in charge of an approved treatment facility may determine who shall be admitted for treatment. When a person is refused admission to an approved treatment facility, the administrator, subject to rules adopted by the Board, shall refer the person to another approved treatment facility for treatment if possible and appropriate.

C. When a patient receiving inpatient care leaves an approved treatment facility, the patient shall be encouraged to consent to appropriate outpatient or intermediate treatment. If it appears to the administrator in charge of the approved treatment facility that the patient is an alcohol- or drug-dependent person who requires help, the facility shall arrange for assistance in obtaining supportive services and residential facilities if possible and appropriate.

D. If the patient is a minor or an incompetent person, the request for discharge from an inpatient facility shall be made by a parent, spouse, or legal guardian, or by the minor if the minor was voluntarily admitted.

**§ 9-102. Commitment proceedings and
procedure**

A. The following persons may file or request that the district attorney file a petition in district court to determine whether an individual is alcohol- or drug-dependent and is a person requiring treatment as defined in this title:

1. The father, mother, husband, wife, brother, sister, guardian or child over the age of eighteen (18) years, of an individual alleged to be alcohol- or drug-dependent and a person requiring treatment;

2. A licensed mental health professional;

3. The executive director of an approved treatment facility;

4. Any peace officer within the county in which the individual alleged to be alcohol- or drug-dependent and a person requiring treatment resides or may be found; or

5. The district attorney in whose district the person resides or may be found.

B. The petition shall contain a statement of the facts upon which the allegation is based and, if known, the names and addresses of any witnesses to the alleged facts.

1. The petition shall be verified and made under penalty of perjury.

2. A request for the prehearing detention of the individual alleged to be alcohol- or drug-dependent and a person requiring treatment may be attached to the petition.

3. If the individual alleged to be alcohol- or drug-dependent and a person requiring treatment is being held in emergency detention, a copy of a certificate of evaluation in the form set forth in subsection C of Section 5-414 of this title shall be attached to the petition.

C. Upon filing the petition, the court shall fix a date for a hearing no later than seventy-two (72) hours after the date the

petition was filed. If the court deems it necessary, or if the person alleged to be alcohol- or drug-dependent and a person requiring treatment shall so demand, the court shall schedule the hearing on the petition as a jury trial to be held within seventy-two (72) hours of the demand, excluding weekends and holidays, or within as much additional time as is requested by the attorney of such person upon good cause shown.

D. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served on the petitioner, the person whose commitment is sought, the next of kin of the person other than the petitioner, a parent or legal guardian if the person is a minor, the administrator in charge of the approved public treatment facility to which the person has been committed for emergency care, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

E. At the hearing the court shall hear all relevant testimony, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. The person shall be present unless the court believes that presence of the person is likely to be injurious to the person, in which event the court shall appoint a guardian ad litem to represent the person throughout the proceeding. The court shall examine the person in open court, or if advisable, shall examine the person out of court. If the person has refused to be examined by a licensed physician, the person shall be given an opportunity to be examined by a court-appointed licensed physician. If the person refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing the

person to the approved treatment facility for a period of not more than five (5) days for purposes of a diagnostic examination.

F. If after hearing all relevant evidence, including the results of any diagnostic examination by the treatment facility, the court finds that grounds for involuntary commitment have been established by clear and convincing proof, it shall make an order of commitment to treatment. It may not order commitment of a person unless it determines that the approved treatment facility is able to provide adequate and appropriate treatment for the person and the treatment is likely to be beneficial.

G. A person committed under this section shall be discharged from treatment in accordance with the provisions of Section 7-102 of this title at such time as the person no longer requires inpatient treatment as determined by the executive director of the facility or a designee of the executive director.

H. The approved treatment facility shall provide for adequate and appropriate treatment of a person committed to its custody. The approved facility may transfer any person committed to its custody from one approved public treatment facility to another if transfer is medically advisable.

I. The court shall inform the person whose commitment is sought of the right to contest the application, be represented by counsel at every stage of any proceedings relating to his commitment and have counsel appointed by the court or provided by the court, if the person wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for the person regardless of the wishes of the person. The person whose commitment is sought shall be informed of the right to be examined by a licensed physician chosen by the person. If the person is unable to obtain a

licensed physician and requests examination by a physician, the court shall employ a licensed physician.

J. If a private treatment facility agrees with the request of a competent patient or the parent, sibling, adult child or guardian of the patient to accept the patient for treatment, the administrator of the public treatment facility shall transfer the patient to the private treatment facility.

K. A person committed under this section may at any time seek to be discharged from commitment by writ of habeas corpus.

§ 9-103. Release to outpatient status - Certification - Rules and regulations

A. After an initial period of observation and treatment, and subject to the rules and policies established by the Board of Mental Health and Substance Abuse Services, whenever a person committed pursuant to court order has recovered from addiction or imminent danger of addiction, to such an extent that in the opinion of the physician or superintendent in charge of the facility, release in outpatient status is warranted; the person shall be discharged to outpatient status. Release of such person in outpatient status shall be subject to all rules adopted by the Board, and subject to being retaken and returned to inpatient status as prescribed in such rules or conditions.

B. The rules for persons in outpatient status shall include, but not be limited to, close supervision of the person after release from the facility, periodic and unannounced testing for controlled dangerous substance use, counseling and return to inpatient status at a suitable facility, if from the reports of agents of the Department of Mental Health and Substance Abuse Services or other information including reports of law enforcement officers as to the conduct of the person, the court concludes that it is in the

best interests of the person and society that this be done.

§ 9-104. Statements and admissions – Use

A. No statement or admission made by a person alleged to be alcohol- or drug-dependent in connection with proceedings to have the person committed to an approved treatment facility shall be used for any purpose except for such proceedings. No such statement or admission shall be used against said person in any criminal action whether pending at the time of the commitment proceedings or filed against the person at any other time.

B. The provisions of this section shall not be applicable to any person arrested for a crime until such time as all judicial proceedings for such crime have been completed; provided, however, the district court shall be authorized to sentence a person convicted of a violation of the Uniform Controlled Dangerous Substances Act or of an offense in which drugs or narcotics play a significant role to confinement in a drug treatment or rehabilitation facility in lieu of confinement in a facility under the supervision of the Department of Corrections.

D. If the initial report is made to the local municipal police department or sheriff's office, such police department or sheriff's office shall notify, as soon as possible, the Department of Human Services of its investigation.

E. Any person who knowingly and willfully fails to promptly report any abuse, neglect, or exploitation as required by the provisions of subsection A of this section, upon conviction, shall be guilty of a misdemeanor punishable by imprisonment in the county jail for a term not exceeding one (1) year or by a fine of not more than

One Thousand Dollars (\$1,000.00), or by both such fine and imprisonment.

F. 1. Any person participating in good faith and exercising due care in the making of a report pursuant to the provisions of this section shall have immunity from any civil or criminal liability that might otherwise be incurred or imposed. Any such participant shall have the same immunity with respect to participation in any judicial proceeding resulting from the report.

2. The same immunity from any civil or criminal liability shall also be extended to previous employers of a person employed to be responsible for the care of a vulnerable adult, who in good faith report to new employers or prospective employers of such caretaker any misconduct of the caretaker including, but not limited to, abuse, neglect or exploitation of a vulnerable adult, whether confirmed or not.

G. Any person who willfully or recklessly makes a false report shall be civilly liable for any actual damages suffered by the person being reported and for any punitive damages set by the court or jury which may be allowed in the discretion of the court or jury.

H. 1. Every physician or other health care professional making a report concerning the abuse, neglect or exploitation of a vulnerable adult, as required by this section, or examining a vulnerable adult to determine the likelihood of abuse, neglect or exploitation, and every hospital in which a vulnerable adult is examined or treated for abuse, neglect or exploitation shall disclose necessary health information related to the case and provide, upon request by either the Department of Human Services or the local municipal police or sheriff's department receiving the initial report, copies of the results or the records of the examination on which the report was based, and any other clinical notes, x-rays or photographs and

other health information which is related to the case if:

a. the vulnerable adult agrees to the disclosure of the health information, or

b. the individual is unable to agree to the disclosure of health information because of incapacity; and

(1) the requesting party represents that the health information for which disclosure is sought is not intended to be used against the vulnerable adult in a criminal prosecution but to provide protective services pursuant to the Protective Services for Vulnerable Adults Act,

(2) the disclosure of the information is necessary to conduct an investigation into the alleged abuse, neglect or exploitation of the vulnerable adult subject to the investigation, and

(3) immediate enforcement activity that depends upon the disclosure:

(a) is necessary to protect the health, safety and welfare of the vulnerable adult because of incapacity, or

(b) would be materially and adversely affected by waiting until the vulnerable adult is able to agree to the disclosure.

2. If federal law specifically prohibits the disclosure of any of the information required by this subsection, that information may be excluded from the disclosed health information.

I. After investigating the report, either the county office of the Department of Human Services or the municipal police department or sheriff's office, as appropriate, shall forward its findings to the office of the district attorney in the county in which the suspected abuse, neglect, or exploitation occurred.

J. Any state or county medical examiner or physician who has reasonable cause to suspect that the death of any vulnerable adult may be the result of abuse or neglect as defined by Section 10-103 of this title shall make a report to the district

attorney or other law enforcement official of the county in which the death occurred. The report shall include the name of the person making the report, the name of the deceased person, the facts or other evidence supporting such suspicion, and any other health information that may be of assistance to the district attorney in conducting an investigation into the matter.

K. No employer shall terminate the employment, prevent or impair the practice or occupation of or impose any other sanction on any employee solely for the reason that the employee made or caused to be made a report or cooperated with an investigation pursuant to the Protective Services for Vulnerable Adults Act. A court, in addition to other damages and remedies, may assess reasonable attorney fees against an employer who has been found to have violated the provisions of this subsection.

§ 10-105. Investigation of report

A. Upon receiving a report of alleged abuse, neglect, or exploitation of a vulnerable adult pursuant to the provisions of the Protective Services for Vulnerable Adults Act, the Department of Human Services shall make a prompt and thorough investigation.

B. The investigation by the Department shall include:

1. Notification of local law enforcement agency. Upon the request of a law enforcement agency, the Department shall submit copies of any results or records of an examination on the vulnerable adult who is alleged to have been abused, neglected, or exploited and any other clinical notes, x-rays, photographs, or previous or current records relevant to the case;

2. Any findings of abuse, neglect, or exploitation of a vulnerable adult shall also be sent to any state agency with concurrent jurisdiction over persons or issues identified

in the investigation including, but not limited to, where appropriate, the State Department of Health, the Oklahoma Board of Nursing, or any other appropriate state licensure or certification board, agency, or registry;

3. Every reasonable effort to locate and notify the caretaker, legal guardian and next of kin of the vulnerable adult who may be in need of protective services pursuant to Section 10-105.1 of this title;

4. Diagnostic evaluation to determine whether the person needs protective services;

5. Any photographs necessary to document injuries or conditions which have resulted or may result in an injury or serious harm to the person;

6. A statement of the least restrictive services needed;

7. Whether services are available from the Department or in the community and how the services can be provided;

8. Whether the person would be capable of obtaining services for self and could bear the cost or would be eligible for services from the Department;

9. Whether a caretaker or legal guardian would be willing to provide services or would agree to their provision;

10. Whether the person desires the services;

11. A statement of any follow-up investigation or monitoring of the services that may be needed; and

12. Other relevant information.

C. 1. a. The Department's investigation shall include a visit to the home or other place of residence of the person who is the subject of the report, a private interview with such person, and consultation with persons who have knowledge of the circumstances.

b. If, in the course of an investigation of this nature, the Department is denied entrance to the home or other place of

residence of a person believed to be a vulnerable adult in need of protective services, or is denied a private interview with the vulnerable adult, the Department may petition the court for an order allowing entry to the premises or private access to the vulnerable adult. The court shall make a finding of probable cause of the vulnerability of the adult before issuing the order. If documentation, or access to records, or other information relating to such person as provided by this section is denied, the Department may petition the court for an order allowing entry or access.

2. The petition shall state the name and address of the person who is the subject of the report and shall allege specific facts sufficient to show that the circumstances of the person are in need of investigation.

3. If it is necessary to forcibly enter the premises, the representative of the Department shall make the entry accompanied by a peace officer.

4. The Department shall make all reasonable attempts to interview the caretaker or other persons alleged to be involved in the abuse, neglect or exploitation in order to enhance service provision and to prevent additional incidents of abuse, neglect or exploitation.

D. When a report is received pertaining to a vulnerable adult who has a legal guardian, a copy of the investigative report of the Department shall be filed with the court to which the guardian is accountable.

E. 1. In the case of a final investigative report pertaining to a vulnerable adult who is a resident of a nursing facility, residential care facility, assisted living facility or continuum of care facility and who is alleged to be a victim of abuse, verbal abuse, neglect, or exploitation by an employee of such facility, the Department shall forward to the State Department of Health a copy of the Department's final investigative report.

2. The Department of Human Services shall be deemed a party pursuant to the Administrative Procedures Act for the investigative reports filed by the Department with the State Department of Health regarding vulnerable adults who are residents of nursing facilities, residential care facilities, assisted living facilities or continuum of care facilities.

a. Within thirty (30) days of receipt of the final investigative report submitted by the Department of Human Services pursuant to this section, the State Department of Health shall provide the Department of Human Services with a written summary of any action taken as a result of the complaint including, but not limited to, results of any inspections, enforcement actions or actions which may be taken by the State Department of Health.

b. Whenever the Department of Human Services believes that the conditions giving rise to a complaint by the Department alleging a serious threat to the health, safety or welfare of a resident of a nursing facility, residential care facility, assisted living facility or continuum of care facility have not been adequately addressed, the Department of Human Services may request the State Department of Health to hold a hearing on the complaint as provided by Section 309 of Title 75 of the Oklahoma Statutes.

3. Nothing herein shall prevent the State Department of Health from conducting any type of investigation or taking any appropriate remedial or other action pursuant to the provisions of the Nursing Home Care Act, the Residential Care Act and the Continuum of Care and Assisted Living Act.

F. When a report is received pertaining to a vulnerable adult residing in a facility other than the home of the vulnerable adult, where persons are employed to provide care and those employees have been named as

persons responsible for the abuse, neglect or exploitation, the Department shall forward its final findings, including, but not limited to, any administrative appeal findings to the owner or administrator of the facility to prevent further incidents.

§ 10-105.1. Notice of investigation - Summary and written description - Explanation of procedures

A. As soon as possible after initiating an investigation of a referral regarding a vulnerable adult, the Department shall provide to the caretaker of the alleged victim, the legal guardian, and next of kin of the vulnerable adult notification including a brief oral summary and easily understood written description of the investigation process, whether or not the caretaker, guardian or next of kin is alleged to be the perpetrator of the abuse, neglect or exploitation of the vulnerable adult.

B. If the vulnerable adult retains capacity to consent to voluntary services, and does not wish for a caretaker or next of kin to receive notification of the investigation, the Department shall abide by wishes of the vulnerable adult.

C. The notification specified by subsection A of this section shall include:

1. A statement that the investigation is being undertaken by the Department of Human Services pursuant to the requirements of the Protective Services for Vulnerable Adults Act in response to a report of abuse, neglect or exploitation and shall include the name and office telephone number of the Department representative with primary responsibility for the investigation;

2. A statement that the identity of the person who reported the incident of abuse is confidential and may not even be known to the Department since the report could have been made anonymously;

3. A statement that the investigation is required by law to be conducted in order to enable the Department of Human Services to identify incidents of abuse, neglect or exploitation in order to provide protective or preventive social services to vulnerable adults who are in need of such services;

4. An explanation of the procedures of the Department of Human Services for conducting an investigation of alleged abuse, neglect or exploitation, including:

a. a statement that the alleged victim of abuse, neglect or exploitation is the Department's primary client in such an investigation,

b. a statement that findings of all investigations are provided to the office of the district attorney, and

c. a statement that law enforcement may conduct a separate investigation to determine whether a criminal violation occurred;

5. An explanation of services which may be provided as a result of the Department's investigation, including:

a. a statement that the caretaker, legal guardian and next of kin will be involved in the process of developing a plan of services for the vulnerable adult insofar as that involvement is consistent with the best interests of the vulnerable adult,

b. a statement that voluntary services may be provided or arranged for based on the adult client's needs, desires and acceptance, and

c. a statement that involuntary services may be provided through the judicial system when immediate services are needed to preserve the life of the vulnerable adult and physical health or preserve the resources of the vulnerable adult which may later be needed to provide care for the vulnerable adult;

6. A statement that, upon completion of the investigation, the identified caretaker, legal guardian and next of kin will receive a

letter from the Department which will inform such caretaker, legal guardian and next of kin:

a. that the Department has found insufficient evidence of abuse, neglect or exploitation,

b. that there appears to be probable cause to suspect the existence of abuse, neglect or exploitation in the judgment of the Department, and

c. the recommendations of the Department concerning the vulnerable adult;

7. The procedures concerning the process the caretaker, legal guardian and next of kin may use to acquire access to the vulnerable adult in the event the vulnerable adult is removed from the residence of the vulnerable adult and the circumstances under which access may be obtained;

8. The procedures to follow if there is a complaint regarding the actions of the Department and the procedures to request a review of the findings made by the Department during or at the conclusion of the investigation;

9. Information specifying that if the caretaker, legal guardian and next of kin of the vulnerable adult have any questions as to their legal rights, that such persons have a right to seek legal counsel;

10. References to the statutory and regulatory provisions governing abuse, neglect or exploitation and how the caretaker, legal guardian and next of kin may obtain copies of those provisions; and

11. An explanation that the caretaker, legal guardian and next of kin may review specific information gathered during the investigation and pertaining to the service needs of the vulnerable adult subject to the requirements and exceptions provided in Section 10-110 of this title.

§ 10-106. Voluntary protective services

A. If the Department of Human Services determines, as a result of its investigation, that a vulnerable adult needs protective services, the Department shall immediately provide or arrange for the provision of available protective services in the least restrictive manner, provided the person affirmatively consents to receive these services.

B. 1. When a caretaker of a vulnerable adult who consents to the receipt of protective services refuses to allow the provision of such services to the person, the Department may petition to the court for a decree enjoining the caretaker from interfering with the provision of protective services to the person.

2. The complaint must allege specific facts sufficient to show that the person is a vulnerable adult in need of protective services, consents to the receipt of protective services, and that the caretaker refuses to allow the provision of such services.

3. If the court finds that the person is a vulnerable adult in need of protective services, consents to the receipt of protective services, and that the caretaker refuses to allow the provision of such services, the court may enter a decree:

a. enjoining the caretaker from interfering with the provision of protective services to the vulnerable adult, and

b. freezing the assets of the vulnerable adult if it has been determined by preponderance of the evidence that the vulnerable adult is being exploited and it is necessary to protect such assets.

C. If a vulnerable adult does not consent to the receipt of protective services or withdraws consent to the receipt of such services, the services shall be terminated, unless the Department determines that the person lacks capacity to consent, in which case the Department may seek court

authorization to provide services pursuant to Section 10-108 of this title.

D. 1. Payment for the costs of providing protective services shall be made from either:

a. the assets of the vulnerable adult consenting to the receipt of voluntary protective services, or

b. any available private or public assistance programs for which the vulnerable adult is eligible.

2. If no assets or other private or public funds are available to the person, payment shall be made from a fund established by the Department for the purpose of providing emergency adult protective services, subject to availability of funds.

§ 10-107. Involuntary protective services

A. If a vulnerable adult lacks the capacity to consent to receive protective services recommended by the Department of Human Services, these services may be ordered by a court on an involuntary basis through an emergency order.

B. 1. In ordering emergency involuntary protective services for a vulnerable adult, the court shall authorize only that intervention which it finds to be least restrictive of the liberty and rights of such person, while consistent with the welfare and safety of the person. The basis for such finding shall be stated in the record by the court.

2. Whenever it is consistent with the welfare and safety of the person, the court shall authorize that involuntary protective services be administered to the vulnerable adult in the present living accommodations of that person.

C. 1. Payment for involuntary protective services provided to a vulnerable adult determined by the court to be in need of involuntary protective services pursuant to this section or Section 10-108 of this title shall be made:

a. from assets of the vulnerable adult receiving emergency involuntary protective services, if the court so orders after a showing by the Department that the person has adequate assets to make such payment, and that payment for the involuntary protective services will not cause the person to go without other necessities of life. Prior to any hearing on the assets or issuance of an order pursuant to this subparagraph, the legal guardian, caretaker and guardian ad litem of the vulnerable adult, any person so requested by the vulnerable adult and persons required to be notified pursuant to Section 3-110 of Title 30 of the Oklahoma Statutes shall be notified of such hearing and order,

b. from any private or public assistance programs for which the person is eligible, or

c. as provided by paragraph 2 of subsection D of Section 10-106 of this title if the person has inadequate assets to make such payments as ordered by the court, and no private or public funds are available to the person, from a fund established by the Department for the purpose of providing emergency adult protective services, subject to availability of funds.

2. The person has a right to be present and represented by counsel at any hearing. If the vulnerable adult is indigent or, in the determination of the court, lacks capacity to waive the right to counsel, the court shall appoint counsel. If the person is indigent, the cost of representation by counsel shall be borne by this state.

D. Upon the request of an authorized representative of the Department, the district attorney of the county in which the person alleged or found by a court to be in need of involuntary protective services resides shall provide legal representation for the Department in any local proceedings related to the provision of involuntary protective services pursuant to this section or Section 10-108 of this title.

§ 10-108. Petition for involuntary protective services

A. 1. If the Department of Human Services determines that a vulnerable adult is suffering from abuse, neglect, or exploitation presenting a substantial risk of death or immediate and serious physical harm to the person or financial exploitation of the estate of the person, and the vulnerable adult lacks mental capacity to consent to receive protective services and no consent can be obtained, the Department may petition the district court in the county specified by paragraph 3 of this subsection for an order:

a. authorizing involuntary protective services and appointing a temporary guardian of the person and/or the estate,

b. freezing the assets of the vulnerable adult, if the vulnerable adult is being exploited, establishing any new accounts necessary to pay the daily living expenses of the vulnerable adult, and directing a full accounting and investigation of the person alleged to be improperly managing the estate of the vulnerable adult, or

c. suspending or revoking the powers of an attorney-in-fact granted by a durable power of attorney, or revoking an irrevocable trust, or terminating a guardianship or conservatorship established pursuant to the Oklahoma Guardianship and Conservatorship Act.

2. Under no circumstances shall the court authorize the Department, pursuant to this subsection, to consent or deny consent to a Do-Not-Resuscitate order or the withdrawal of hydration or nutrition or other life-sustaining treatment although the court retains jurisdiction to hear such matters under applicable law.

3. The district court which may be petitioned by the Department for an order pursuant to paragraph 1 of this subsection is:

a. the district court in the county in which the vulnerable adult resides,

b. the district court in the county in which the vulnerable adult is receiving inpatient services, or

c. the district court in the county where the vulnerable adult is located when any delay caused by taking the petition to the district court in the county of the residence of the vulnerable adult would result in greater substantial risk of death or greater serious physical harm to the vulnerable adult. The petition shall include an explanation of why the petition was filed in the district court in the county specified by this subparagraph rather than in the district court as specified in subparagraph a or b of this paragraph.

B. The petition shall be sworn to and include the name, age, and address of the vulnerable adult who the Department has determined is in need of emergency protective services, the nature of the abuse, neglect, or exploitation, the services needed, and information relating to the capacity of the person to consent to services and a description of the attempts of the Department to obtain consent and the name of the person or organization proposed to be appointed as temporary guardian.

C. 1. The vulnerable adult shall receive an opportunity for a hearing upon the petition, and shall be personally served with a copy of the petition and a notice scheduling hearing at least forty-eight (48) hours prior to any such hearing if the petition seeks temporary guardianship of thirty (30) days or more.

2. a. The hearing shall be set by the court on an expedited basis, but no later than five (5) calendar days, not including weekends or holidays when the court is closed, from the date the notice scheduling hearing is signed by the judge. The vulnerable adult shall have a right to a closed hearing unless such vulnerable adult requests otherwise.

b. Unless the vulnerable adult objects or the person requiring notification pursuant to this subparagraph is alleged to have abused, neglected or exploited the vulnerable adult, the following persons shall be notified of any hearing held pursuant to this subsection:

(1) the legal guardian, guardian ad litem and caretaker of the vulnerable adult,

(2) any person so requested by the vulnerable adult to be present at the hearing, and

(3) persons required to be notified pursuant to Section 3-110 of Title 30 of the Oklahoma Statutes.

D. 1. Upon sworn testimony of a representative of the Department, or statement of a district attorney representing the Department, that immediate and reasonably foreseeable death or serious physical harm to or financial exploitation of the vulnerable adult will result, the court may waive prior notice and issue a seventy-two-hour temporary guardianship and provide involuntary protective services whether or not during regular courthouse business hours. However, within twenty-four (24) hours of issuance of the seventy-two-hour order, the vulnerable adult and the attorney of the vulnerable adult, if known, shall be personally served with written notice scheduling a hearing within seventy-two (72) hours.

2. If a hearing on the seventy-two-hour order is declined, or upon conclusion of any such hearing, the court may terminate the temporary guardianship and involuntary services or enter a temporary guardianship for up to thirty (30) additional calendar days as provided for in subsection G of this section.

E. 1. The vulnerable adult has a right to be present and represented by counsel at any hearing authorized by this section. If the vulnerable adult is indigent or, in the determination of the court, lacks capacity to

waive the right to counsel, the court shall immediately appoint counsel who shall personally meet with the vulnerable adult and attempt to discuss the petition or any pending motion prior to any hearing.

2. If the vulnerable adult is not in attendance at a scheduled hearing, the court shall make a special finding as to why the vulnerable adult is unable to attend, and, upon the request of the vulnerable adult or the attorney of the vulnerable adult, may continue the hearing to allow the vulnerable adult to attend.

3. If the vulnerable adult is indigent, the cost of representation by counsel shall be borne by court funds.

4. If the vulnerable adult is not indigent, the court may order costs of representation paid from the estate in the same manner as currently paid under the Oklahoma Guardianship and Conservatorship Act.

F. 1. After a hearing on the petition, the court may:

a. appoint a temporary guardian and order involuntary protective services including, but not limited to, authorization for medical and/or psychological treatment and evaluations, and residential placement subject to the provisions of subsection G of this section,

b. issue an order freezing all assets of the vulnerable adult, establish any new accounts necessary to pay the daily living expenses of the vulnerable adult, and order a full accounting and investigation of the person alleged to be improperly managing the vulnerable adult's estate, or

c. suspend or revoke powers of attorney or terminate a guardianship or conservatorship upon a finding that the attorney-in-fact, guardian or conservator failed to act appropriately on behalf of the vulnerable adult.

2. a. Except as otherwise provided by subparagraphs b and c of this paragraph, the

court appointing a temporary guardian and ordering involuntary protective services shall not have authority to order the sale of the real property of the vulnerable adult.

b. If the Department of Human Services has been appointed temporary guardian and the court issues an order for the Department to continue as the temporary guardian of the vulnerable adult beyond the one hundred eighty (180) calendar days authorized by this section because there is no one willing and able to act as guardian for the vulnerable adult, the Department, as temporary guardian may, after one (1) year from its initial appointment, sell the real property of a vulnerable adult pursuant to the provisions of the Oklahoma Guardianship and Conservatorship Act.

c. The Department, as temporary guardian of a vulnerable adult, may also sell the real property of the vulnerable adult pursuant to the provisions of the Oklahoma Guardianship and Conservatorship Act prior to the one-year requirement specified in subparagraph b of this paragraph, if not selling the real property would jeopardize the vulnerable adult's eligibility for Medicaid. The fact that the vulnerable adult would be in jeopardy for receipt of Medicaid if the property was not sold shall be stated upon the court order directing the sale of the real property of the vulnerable adult.

G. Whenever the court issues an order for involuntary protective services, the court shall adhere to the following limitations:

1. Only such protective services as are necessary to remove the conditions creating the emergency shall be ordered, and the court shall specifically designate the approved services in the order of the court;

2. Protective services authorized by an involuntary protective services order shall not include a change of residence unless the court specifically finds such action is necessary to remove the conditions creating the emergency and gives specific approval

for such action in the order of the court. Emergency placement may be made to such facilities as nursing homes, hospital rehabilitation centers, assisted living centers, foster care and in-home placements, or to other appropriate facilities; provided, however, emergency placement shall not be made to facilities for the acutely mentally ill; and

3. Involuntary protective services may be provided for a period not to exceed thirty (30) calendar days except as provided by subsections L and M of this section.

H. The court shall appoint the Department or an interested person or organization as temporary guardian of the person with responsibility for the welfare of such person and authority to give consent on behalf of the person for the approved involuntary protective services until the expiration of the order.

I. The issuance of an order for involuntary protective services and the appointment of a temporary guardian shall not deprive the vulnerable adult of any rights except to the extent validly provided for in the order or appointment.

J. 1. To enforce an order for involuntary protective services, the court may authorize:

a. forcible entry of the premises of the vulnerable adult to be protected for the purpose of rendering protective services but only after a reasonable showing to the court that good faith attempts to gain voluntary access to the premises have failed and forcible entry is necessary, and

b. the transporting of the vulnerable adult to another location for the provision of involuntary services.

2. If forcible entry is authorized by the court, the order shall include a directive that the Department's representative be accompanied by a police officer or deputy sheriff in the county where the vulnerable adult or property of the vulnerable adult is

located, and the police officer or deputy sheriff shall make the forcible entry.

K. The vulnerable adult, the temporary guardian, or any interested person may petition the court to have the order to provide involuntary protective services set aside or modified at any time.

L. If the vulnerable adult continues to need involuntary protective services after expiration of the thirty-day temporary guardianship provided in subsection G of this section, the temporary guardian shall immediately file a verified motion requesting the court to, except as otherwise provided by subsection F of this section, continue the temporary guardianship and involuntary protective services under this section for a period not to exceed one hundred eighty (180) calendar days.

M. 1. Service of the verified motion shall be made in conformity with subsection C of this section.

2. Upon filing such motion, the court shall order that a physical, mental, and social evaluation of the vulnerable adult be conducted by the Department and that a proposed plan of care be submitted to the court within thirty (30) calendar days thereafter reflecting the evaluation findings and recommended services.

3. Upon filing such motion, the prior temporary guardianship shall remain in full force and effect pending a review hearing after the thirty-day evaluation period. The caretaker, guardian or next-of-kin of the vulnerable adult may request that the evaluation period be shortened for good cause.

4. The evaluation shall include at least the following information:

a. the address of the place where the person is residing and the person or agency which is providing care, treatment, or services at present,

b. a summary of the professional treatment and services provided to the

person by the Department or agency, if any, in connection with the problem creating the need for emergency protective services, and

c. a medical and social evaluation, including, but not limited to, the Department's assessment of the person's capacity to consent to services, a psychological or psychiatric evaluation and review if the mental state of the person is in question, and any recommendations for or against maintenance of partial legal rights. The evaluation and review shall include recommendations for placement based upon the best interests of the vulnerable adult taking into consideration the following:

- (1) the least restrictive environment,
- (2) the desires of the vulnerable adult and legal guardian,
- (3) the desires of the caretaker of the vulnerable adult and of any of the persons specified in Section 3-110 of Title 30 of the Oklahoma Statutes,
- (4) the physical and mental health needs of the vulnerable adult,
- (5) the available programs and services, and
- (6) the health, well-being and welfare of the vulnerable adult and the public.

During the hearing to consider the motion to continue the temporary guardianship of the vulnerable adult for up to one hundred eighty (180) calendar days, the court shall consider the Department's findings and proposed plan of care and any other evidence presented by the caretaker, guardian or other interested persons. The court shall either terminate the temporary guardianship and all involuntary services or continue the temporary guardianship and specify any necessary services to be provided by the Department for a period not to exceed one hundred eighty (180) calendar days. Provided, the court may continue the guardianship of the Department, if there is no one willing and able to act as guardian for the vulnerable adult.

N. Neither the Department nor any of its employees or any other petitioner shall be liable for filing a petition pursuant to the Vulnerable Adults Act if the petition was filed in good faith.

§ 10-109. Utilization of available services

A. In providing any of the duties set forth in this act, the Department of Human Services may provide direct protective services.

B. The Department may contract with any public or private agency for the provision of protective services.

C. The Department shall utilize to the extent appropriate and available existing resources and services of public and nonprofit private agencies in providing protective services. The Department shall make maximum use of volunteers and church groups whenever feasible.

§ 10-109a. Uniform policy detailing employee duties and responsibilities

A. The Commission for Human Services shall establish uniform policies detailing the responsibilities and duties of employees of the Department of Human Services when providing or arranging services for vulnerable adults whether the services are to be paid for by the vulnerable adult or from other private or public funds.

B. The policies shall include, but not be limited to:

1. The handling of the personal resources, such as bank accounts, cash, checks, notes, mortgages, trust deeds, sales contracts, stocks, bonds, certificates or other liquid assets of a vulnerable adult without prior approval of the supervisor;

2. Specific procedures for obtaining and handling repairs, personal services and other necessary actions to provide health care, food, shelter to or on behalf of a vulnerable adult;

3. Prohibiting an employee from any type of solicitation or charging, requesting or accepting any fee, gift, reward, or payment of any kind from individuals or staff for any services rendered as a volunteer, intern, or employee relating to vulnerable adults;

4. Prohibiting an employee from using contact with clients or any member or the client's support system for personal gain or personal relationships;

5. Prohibiting an employee, upon termination of any assignment, from making personal contact with former clients or any member of the client's support system and from using former contact with clients for personal gain;

6. Prohibiting an employee from buying items from clients;

7. Ensuring that no employee whose responsibilities relate in any manner to services provided to or on behalf of a vulnerable adult is subject to a conflict of interest which would impair the ability of the employee to carry out his or her employment duties in an impartial manner;

8. Sufficient oversight by administrative heads of local offices of the Department as to the provision for and arrangement of services to vulnerable adults; and

9. Such other requirements as deemed necessary by the Commission.

§ 10-110. Confidentiality of records and reports

A. The reports, records, and working papers used or developed in an investigation of the circumstances of a vulnerable adult pursuant to the provisions of the Protective Services for Vulnerable Adults Act are confidential and may be disclosed only pursuant to rules promulgated by the Commission for Human Services or by order of the court.

B. Department of Human Services agency records pertaining to a vulnerable adult may be inspected and their contents disclosed without a court order to the following persons upon showing of proper credentials and pursuant to their lawful duties:

1. A district attorney and the employees of an office of a district attorney in the course of their official duties pursuant to this title or the prosecution of crimes against vulnerable adults;

2. The attorney representing a vulnerable adult who is the subject of a proceeding pursuant to the provisions of the Protective Services for Vulnerable Adults Act;

3. Employees of a law enforcement agency of this or another state and employees of protective services for vulnerable adults of another state;

4. A physician who has before him or her a vulnerable adult whom the physician reasonably suspects may have been abused or neglected or any health care or mental health professional involved in the evaluation or treatment of the vulnerable adult;

5. A caretaker, legal guardian, custodian or other family members of the vulnerable adult; provided the Department may limit such disclosures to summaries or to information directly necessary for the purpose of such disclosure;

6. Any public or private agency or person authorized by the Department to diagnose, provide care and treatment to a vulnerable adult who is the subject of a report or record of vulnerable adult abuse or neglect;

7. Any public or private agency or person authorized by the Department to supervise or provide other services to a vulnerable adult who is the subject of a report or record of vulnerable adult abuse or neglect; provided the Department may limit

such disclosure to summaries or to information directly necessary for the purpose of such disclosure; and

8. Any person or agency for research purposes, if all of the following conditions are met:

a. the person or agency conducting such research is employed by the State of Oklahoma or is under contract with this state and is authorized by the Department of Human Services to conduct such research, and
