Printed Date: 2/9/2008 Data Last Updated on: 02/03/2008

## Report Description:

National Outcome Measures (NOMs): <http://www.nationaloutcomemeasures.samhsa.gov/>

Domain: Stability in Housing

Outcome: Increased Stability in Housing

Measure: Change in number of homeless from admission to last transaction or admission to discharge.

The information provided in this report reflects the number of discharges during the time period, plus the number of active individuals at the end of the period. To be included in this report, at least one service must be reported after admission and the level of care for the individual must be outpatient. If an individual receives service under Contract Source 01 and another Mental Health Contract Source (see list below), they will be reported in each group.

## DEFINITIONS:

**Number of individuals active last day of time frame:** Individuals in outpatient treatment with no discharge transaction on last day

**Remove individuals in treatment < 6 months:** Individuals admitted with in the last six months are excluded from this measure

**Remove individuals with no service in last 90 days:** Individuals with no service in last ninety days are expected (in most cases) to be discharged. Once they have been discharged from ICIS, their discharge record will be included in the measure.

**Remove individuals with missing data:** In rare cases, the data in ICIS may be missing or invalid.

**Number of individuals with only an admission CDC record:** Because the agency has not updated the individual's CDC and the individual has been in treatment for more than six months, these individuals will be counted under the 'No Change' category.

**Number with no CDC update in 1 year:** Because the agency has not updated the individual's CDC, the individual has been in treatment for more than six months and the last updated CDC is more than 1 year old, these individuals will be counted under the 'No Change' category.

**Number Evaluated:** The number of active outpatient individuals who will be measured.

**Excluded:** Number of individuals with missing or invalid data.

**Reduction:** Number of individuals whose housing condition has improved from admission to last CDC/discharge.

**No change:** Number of individuals whose housing condition has not changed from admission to last CDC/discharge.

**Admission:** Individual begins an outpatient treatment episode.

**Discharge:** Individual leaves outpatient treatment at that agency.

**Systemwide:** Represents the fifteen ODMHSAS-contracted and operated community mental health facilities.

**All Mental Health Contract Sources:** Includes the following contract sources (01, 24, 25, 32, 39, 42, 43, 45, 47, 48, 50, 53, 55, 56, 57, 58, and 59).

What is excluded from the analysis:

1. Non-outpatient services/individuals
2. Crisis Services
3. Persons discharged within three months of admission.
4. Persons with less than three non-crisis services.

Notes:

Data for this report are only updated by ODMHSAS staff at intervals. If the "Data Last Updated on:" is more than two weeks past, please contact Mark A. Reynolds at mreynolds@odmhsas.org or (405) 522-3824.
