**Subject:** PI-CIS status update

Dear ODMHSAS/OHCA provider,

This is just an update on how the new CDC system is going. We have implemented several changes since going live on 1/3/2012. The insert CDC function is now available. To insert a CDC it must be a 21, 27, 41, or 42 CDC transaction type and must follow the episode rules. Furthermore, there is now a delete option available for records that are on hold. Another addition is now the system will look for eligibility on the transaction date of the CDC you are entering, and if the customer has recently lost eligibility you can still back date the CDC.

Here are some quick figures:

1. Over 85,000 CDCs have been processed through the first month
2. 640 Providers have enrolled
3. 220 Providers have not enrolled
4. 1400 Staff have enrolled
5. 910 have not enrolled

If you are a staff that has not yet enrolled and are having problems please contact one of our Provider Assistance Specialist at [gethelp@odmhsas.org](mailto:gethelp@odmhsas.org) or (405) 521-6444 or (855) 521-6444.

Please also feel free to contact myself or one of our Provider Assistance Specialist if you have any comments/suggestions or any other questions.

Thanks,

David Melton  
Data Analyst  
ODMHSAS
